ALL EYES

All Eyes is a tribute to the region's heritage and Arab culture, rooted in collective memory and identity. Inspired by the legend of the evil eye, Nadine Kanso hand-drew a bespoke "eye" as a symbol of protection, turning it into a signature of her brand, Bilarabi. Embracing contrast, she merges antique motifs with contemporary aesthetics, bringing the old and new together in a bespoke carpet by Iwan Maktabi.

Born in Lebanon and based in Dubai, Nadine Kanso is known for her use of Arabic calligraphy to create designs exploring the crossroads between language, culture, and ideas. Crafted in precious metals, colourful stones, and enamel, and using traditional methods, her jewellery pieces have made her brand, Bil Arabi, a household name. Like her jewels, Nadine's style stands out for its unconventional take on chic
